

## About Us

Marari Villas is the first company to offer 'Boutique Serviced Villas' on beautiful Marari Beach in central Kerala. Located on a secluded beach at Mararikulam in Alleppey district of Kerala, Marari Villas is a concept developed by Rupert and Olga a British-Russian couple. The 'Boutique Serviced Villas' offer greater privacy and a small-scale, more personal alternative to hotels and resorts. Each property is serviced with a team of Villa Host, Chef and Housekeeper to cater exclusively for guests. The villas are a blend of modern design and traditional vernacular styles, creating inspiring indoor-outdoor living spaces ideally suited to the tropical environment of Kerala.

## Bougainvillea Villa (with a private pool in 2014/15)

'Bougainvillea' is located 100m from Palm Villa and 2km South of Orchid/Hibiscus and is right on the sands of Marari Beach. The villa offers stunning sea views from all rooms, a private courtyard garden at the rear with sun loungers and direct access to the beach and is fully serviced by a team of professional staff to look after your every need. There is a large communal lounge/dining room incorporating a bar, dining tables, lounge furniture, TV/DVD and games area as well as outdoor dining and daybed areas, so you can enjoy tropical outdoor living to the full. We take our environmental responsibility seriously and this villa operates completely 'off-grid' with solar electric and hot water systems.
